7:00 - 8:00 a.m.  Registration, Sign-In  
(VIDI 120)

8:00 - 8:50 a.m.  LECTURE: Abdominal Ultrasound Introduction  
- Dr. A. Voges & Dr. L. Gilmour  
(VIDI 106)

8:50 - 9:05 a.m.  Break  
(VIDI 120)

9:05 - 9:55 a.m.  LABORATORY: Liver and Spleen  
(VIDI 211)

10:05 - 11:05 a.m.  LABORATORY: Liver and Spleen  
(VIDI 211)

11:15 - 12:05 p.m.  LECTURE: Faulty Filters: US of Hepatosplenic Abnormalities  
- Dr. A. Voges  
(VIDI 106)

12:05 - 1:15 p.m.  Lunch Catered  
(VIDI 120)

1:15 - 2:05 p.m.  LABORATORY: Urinary Tract  
(VIDI 211)

2:15 - 3:05 p.m.  LABORATORY: Urinary Tract  
(VIDI 211)

3:15 - 4:05 p.m.  LECTURE: Urine Trouble: US of Urinary Tract Abnormalities  
- Dr. L. Gilmour  
(VIDI 106)

4:05 - 4:30 p.m.  Break  
(VIDI 120)

4:30 - 5:20 p.m.  LABORATORY: Gastrointestinal Tract  
(VIDI 211)

5:30 - 6:20 p.m.  LABORATORY: Gastrointestinal Tract  
(VIDI 211)
CONFERENCE SCHEDULE

Sunday Sessions: February 23, 2020

7:00 - 8:00 a.m. Registration, Sign-In
(VIDI 120)

☐ 8:00 - 8:50 a.m. LECTURE: We’re Pooped: US of Gastrointestinal Tract Abnormalities
- Dr. L. Gilmour
(VIDI 106)

☐ 9:00 - 9:50 a.m. LECTURE: Size Matters: US of Small Parts
- Dr. A. Voges
(VIDI 106)

NEXT LEVEL WORKSHOP

☐ 10:00 - 12:50 p.m. LABORATORY: Whole Abdomen, Small Parts (Adrenals, Pancreas, Lymph Nodes), Fine Needle Aspirates

THANK YOU

THANKS TO THE FOLLOWING PARTNERS WHO SUPPORTED THIS CONFERENCE BY SUPPLYING ULTRASOUND UNITS FOR THE LABORATORIES:

UNIVERSAL IMAGING
SEE THE DIFFERENCE®
Lindsey Gilmour, DVM, DACVR
Program Co-Chair *Clinical Assistant Professor*
Dr. Lindsey Gilmour received her BS in Biomedical Sciences and her DVM from Texas A&M University. She completed a rotating small animal internship at Georgia Veterinary Specialists in Atlanta and a diagnostic imaging residency at Iowa State University. She is board certified in diagnostic imaging with the American College of Veterinary Radiology. Her interests include multi-modal diagnostic imaging in small and large animal patients with special focus on teaching.

Andra Voges, DVM, DACVR
Program Co-Chair *Clinical Associate Professor*
Dr. Voges received her DVM from Texas A&M and went on to work in mixed animal practice in central Texas. She then pursued her specialty in diagnostic imaging and completed a residency in radiology at the University of Florida and became board certified in the American College of Veterinary Radiology. Dr. Voges worked in small animal referral practices in Florida and Texas before operating her own imaging referral center in San Antonio. Her special interests include teaching and clinical radiology, ultrasound, nuclear medicine and CT imaging.

Lauren Russell, DVM, DACVR
*Clinical Assistant Professor*
Dr. Lauren Russell completed her BS in Biology at the University of California, San Diego and her DVM at the Atlantic Veterinary College, followed by a small animal rotating internship at the Veterinary Specialty Hospital in San Diego. She then completed a radiology residency at Texas A&M University and following achieving board certification in September of 2018 stayed on as an assistant clinical professor at Texas A&M. Dr. Russell enjoys all modalities of diagnostic imaging, with a particular interest in cross sectional imaging of both small and large animal patients.
