

## **Job Description**

### **Assistant, Associate or Full Professor (Clinical Track) Veterinary Anesthesiology**

#### **Teaching**

1. Utilize clinical case material and other technologies as a means of innovative teaching of veterinary anesthesia to professional students assigned to the anesthesia service. Clinical track faculty are assigned to clinical teaching and patient care about 75% of their time.
2. Participate in teaching didactic anesthesia lectures and laboratories in the 4 years of the professional veterinary curriculum. All teaching responsibilities are normally shared among 5 veterinary anesthesiologists.
  - Develop well-organized creative lectures and laboratory materials for assigned courses in the professional curriculum.
3. Provide appropriate supervision/mentoring of house officers (interns and residents) assigned to the anesthesia service.
4. Participate in clinical and house officer rounds as appropriate.
5. Assist in development and maintenance of a competitive residency program in anesthesiology.
6. Provide continuing education presentations for practitioners in Texas, as well as other state, national, and specialty meetings.

#### **Scholarship**

1. Utilize time not assigned to clinical service and not committed to academic service or teaching to develop collaborative research in anesthesiology.
2. Publish the results of original work in refereed journals of the highest quality, and present research findings to peer groups.
3. Work with other faculty in the department and college to help support their research needs, as time allows.

#### **Patient Care**

1. Provide patient care in anesthesia for clinical patients in the Veterinary Medical Teaching Hospital. Complete clinical coverage of the anesthesia service is normally shared among 5 full-time boarded anesthesiologists. Clinical track faculty are assigned to clinical instruction and patient care about 75% of their time.
2. Supervise veterinary students and house officers in anesthetizing small and large animal patients.
3. Provide consultations for Texas veterinary practitioners as requested.
4. Provide in-house consultations to other medical and surgical services.
5. Oversee the professional development of technicians assigned to the anesthesia service.
6. Provide leadership in the introduction of new techniques and concepts that will enhance the quality and scope of the Veterinary Medical Teaching Hospital's patient-care programs, particularly those within the anesthesia service
7. Participate in emergency back up coverage for house officers and technicians.

8. Participate with other faculty in rotating emergency duty during holidays and spring break and specialty meetings.

**Committee Assignments and Administrative Duties**

1. Participate in departmental, college, and university committees as assigned.
2. Participate in committees of other professional associations (e.g., the American College of Veterinary Anesthesia and Analgesia) as opportunities allow.
3. Participate in administrative duties (such as overseeing anesthesia scheduling service) as assigned by Department Head.

**Other Duties and Considerations**

1. Participate in development of the highest quality anesthesia service.
2. Demonstrate evidence of satisfactory institutional citizenship and collegiality.
3. Complete other duties and tasks as assigned by the Department Head.
