

Job Announcement
Tenure Track Assistant, Associate or Full Professor of Radiology
Department of Large Animal Clinical Sciences
College of Veterinary Medicine and Biomedical Sciences
Texas A&M University

The Department of Veterinary Large Animal Clinical Sciences, College of Veterinary Medicine and Biomedical Sciences, Texas A&M University invites applications for a full-time tenure track faculty position in Radiology at academic rank of assistant or associate professor, or full professor, commensurate with the candidate's experience and credentials. Candidates must have a DVM/VMD or equivalent degree. Applicants must be board certified or have met the requirements to take the board exam of the American College of Veterinary Radiology (ACVR) or the European College of Veterinary Diagnostic Imaging. Applicants must meet requirements for special licensure in the State of Texas.

The academic home of faculty members in radiology is the Large Animal Clinical Sciences Department at Texas A&M University but they provide medical imaging services for small, large and exotic animals. The successful candidate will be expected to contribute primarily to the patient care and teaching missions of the College of Veterinary Medicine and Biomedical Sciences, while participating collaboratively in research and other scholarly activities.

A complete job description may be found [here](#). Application review will begin on September 25, 2017 and applications will be considered until the position is filled.

Our state of the art on-site Diagnostic Imaging and Cancer Treatment Center houses a 3T Siemens Verio MRI and 40-slice Siemens CT in a facility designed to accommodate both small animals and horses. If you meet the position qualifications and would like to join an established, progressive team in diagnostic imaging at Texas A&M University, please submit a statement of career goals, professional interests, curriculum vitae, and have three (3) letters of reference sent to:
