

POSITION ANNOUNCEMENT Clinical Assistant Professor – Primary Care

The Department of Small Animal Clinical Sciences, College of Veterinary Medicine & Biomedical Sciences, Texas A&M University invites applications for a clinical track position in small animal primary care. The applicant must hold a DVM or equivalent veterinary degree and must be licensed or eligible for licensure to practice veterinary medicine in Texas. Applicants must have a minimum of 2 years of experience in the general practice of small animal medicine. Certification by the American Board of Veterinary Practitioners is desired or completion of a small animal rotating internship.

Primary Care is a required 2-week rotation in wellness, general, and preventive medicine with the goal being to expose senior veterinary students to a practice environment emphasizing high quality medicine in a busy environment. The successful candidate must possess a strong commitment to excellence in patient care, service to clients, and clinical teaching as well as strong leadership and communications skills. The successful candidate will join a team of primary care clinicians and technicians and has the opportunity to interact with over 50 faculty members in the small animal hospital, 35 interns and residents in the other medical and surgical services in the department, and approximately 140 senior veterinary students. The time commitment will be approximately 75% to clinical instruction and patient care in the hospital. Time not assigned to clinical instruction and patient care on clinical rotations will be devoted to classroom / laboratory teaching, scholarship, and academic service.

Texas A&M University is the oldest public institution of higher education in Texas and one of the nation's largest and most dynamic universities. More than 60,000 students are enrolled in the University's 10 academic colleges with approximately 9,000 pursuing graduate or professional degrees. Texas A&M University is a major research university with a growing international focus, and outstanding public and private support. The College of Veterinary Medicine & Biomedical Sciences has just celebrated its 100th year. College Station offers excellent quality of life, a relatively low cost of living, and easy accessibility to metropolitan and recreational areas.

Interested candidates should submit a letter of intent including career goals and professional interests, curriculum vitae, and the names and contact information for three individuals who have been requested by the candidate to provide letters of professional reference to the search committee chair. Application review will begin on June 20, 2018, and applications will be considered until the position is filled. Inquiries may be directed to Dr. Stacy L. Eckman (Chair, Search Committee) at seckman@cvm.tamu.edu or 979-845-2351.
