

Verification of Volunteer Hours

Recommendation letters **MUST** state the number of hours you have worked for the vet or participated in extracurricular activities. Please stress this to your veterinarian or supervisor. A signed copy of volunteer hours should be attached to the recommendation letters. To do this, please use the form below.

Relatives should not write letters of recommendation under any circumstances. If you are working in your parents' clinic, the associate vet, vet technicians or business administrator should verify your hours and write the letter of recommendation.

For FFA animals raised: estimate the number of hours/ years and have your FFA teacher or supervisor sign below.

_____ (Name of Participant) shadowed/worked in
 _____ (Name of Veterinary Clinic/Facility) for _____ hours total.

Name of Supervisor: _____

OR

DATE
