

APPEAL TO CONSIDER **NON-VMBS 291/491 RESEARCH** AS A BIMS DIRECTED ELECTIVE

NOTICE: This is not a registration request. Student must register with the department offering the course. BIMS advising will not add this course to your schedule.

Student Name: _____ UIN: _____ Phone: _____

TAMU Email: _____ Classification: _____ Major: _____

Year: _____

Semester: Fall _____ Spring _____ Summer I _____ Summer II _____ 10 Week _____

Provide a brief description of the proposed research project:

Course name and number: _____ (Examples: ANSC 291, BIOL 491; U1/U2 take 291 and U3/U4 take 491)

Credit hours: _____ Grade or S/U: _____

Instructor name (printed): _____

Instructor signature: _____ Date: _____

Writing requirement: At the end of each semester, students will submit to BIMS advising a written report describing the research objective, results, conclusions, and a summary of skills/knowledge gained. If applicable, students will provide details for the venue/date for presentations given (indicate poster or oral) and any publication resulting from their research. The report must be reviewed by the faculty mentor before submission. This writing requirement does NOT constitute a writing intensive course. Submissions for graduating seniors will be due the day after finals. For all other students, reports are due the first Monday following finals week.
