## DERMATOPATHOLOGY SERVICE

Lauren Stranahan, DVM, DACVP, PhD  
Dominique Wiener, DVM, PhD, DEVCP

The Dermatopathology Service will provide quality interpretation of your skin biopsy specimens by a dermatopathologist (a board-certified veterinary pathologist who has expertise in dermatopathology). We would like to welcome you to our service and look forward to working with you.

### Fee Schedule 2024-present

Histologic description with diagnosis and comments for samples < 5cm in diameter (charge assumes two H&E slides per submission, including special stains, if deemed necessary by the pathologist)	\$110.00
Histologic description with diagnosis and comments for digits or samples > 5cm in diameter (charge assumes four H&E slides per submission, including special stains, if deemed necessary by the pathologist)	\$135.00
Second opinion (please send 5 unstained slides or the original biopsy slides)	\$110.00
Additional microscopic slide charge	\$12.50
Duplicate microscopic slide	\$12.50
Immunohistochemistry (performed only upon consultation with submitting veterinarian)	\$42 per marker
Clonality testing (PARR), sent to the Leukocyte Antigen Biology Lab (LABL), Davis, CA	\$331.50
Panfungal PCR, sent to the Molecular Fungal ID Lab, University of Florida	\$211.50
