come see us

We are an AAHA-accredited practice. Our doctors work together to reach diagnoses and see cases. Any case requiring diagnostics will have at least one other veterinarian looking at the case to help reach a diagnosis. We are quick to adopt technology that allows us to better serve our patients. Our doctors work less than 35 hours a week. We believe that the practice of modern veterinary medicine requires a team approach that uses technology intelligently to allow for our doctors to do concentrate on their cases while staying cognizant of their mental health. We partner with an owner founded rescue to serve our local community and help find homes for pets that require treatment for medical issues that are not well treated at city shelters. Our 3 full time doctors have over 120 years of co...

Central Texas Animal Hospital

Howdy fellow alumni! Central Texas Animal Hospital is a great place to work, and I'll tell you why. Number one: animal welfare and client care are our top priorities. We are host fundraisers for the local animal shelter, and do our best to manage the grey area between practicing medicine and providing medicine as a service. Reason number two: we are a family. As a locally owned and operated clinic with a rich history of 40 years in the community, we have grown with our city and our clients. Our staff boasts a ten year retention rate of over 75%! We have employees who have worked with us for 2, 7, 12, 19, 24, and up to 35 years. Our technical and support staff are experienced and enthusiastic. We have a strange but talented group of individuals who come together to create our CTAH fami...

We are a small animal and exotics practice located in suburban El Paso, Texas looking for a top-notch associate or two to round out our spectacular (in our humble opinion) hospital. What makes us so special? We constantly strive to practice the "golden rule." In a nutshell, our leadership and management are constantly working to ensure we are the type of business we ourselves would want work in as team members, as well the type of hospital we would want to take our pets as clients. For the more elaborate explanation:-We believe in practicing quality medicine and advocating for our patients' physical and emotional well-being. For this reason, we provide Fear Free certification for all team members that have contact with patients. We emphasize preventive care and client education....

"We treat your pet like it's our own," is the motto of Town and Country Veterinary Medical Center. We are a well established, non corporate, 4 doctor, small animal practice with some exotics that has been in operation for over 40 years. We are searching for a new doctor to teach, learn from, and hopefully stay. In the past 20 years all the doctors hired are still present. The doctors here are a team that enjoy solving problems together and having a good time. We want you to have a balance between work and life outside of work. There is no on call or emergency hours thanks to the local ER and, for the most part, when the door shuts at the end of the day, veterinary medicine is left in the building and we go home to our families and other interests.

Town and Country is located in...

Practice Overview

Towne Center Animal Hospital is a privately-owned, two doctor, small animal practice serving the communities of Colleyville, Hurst, Eules, Bedford, and North Richland Hills. Our focus is on providing exceptional, high quality care to clients and their pets. We are looking for someone whose engaging personality represents what we are all about. Our qualities are uniqueness, kindness, and a genuine desire to be of service to others.

Our Location

Our practice is located in Colleyville, Texas, which is in the center of the DFW Metroplex. We are 15 miles from Downtown Fort Worth and 25 miles from Downtown Dallas. Our community boasts of wonderful schools, exciting sports teams, dining and attractions galore, so it truly has something for everyone!

Dr. Vara started Windcrest Animal Hospital in 1991 after working as an associate for Perrin Beitel animal hospital. Then in 2009 Dr. Vara decided to move his clinic to its current location at Redland Rd & 1604 while changing the clinic name to Vanguard Veterinary Clinic. Although much has changed over the years two things have stayed the same, Dr. Vara's love for his patients and his promise that everyone who walks through his clinic doors receive the Vanguard experience. In recent years Dr. Vara has been joined by Dr. Julia Beverley, Dr. Erica Thornton, and Dr. Dani Williams at the Vanguard Redland Clinic, who share the same passion for their clients and patients as Dr. Vara.

VetCor is a network of 383 veterinary practices in 32 states. We have built an outstanding reputation by respecting the unique style and history of each of our hospitals, fostering a family-friendly work environment, and avoiding intrusions on the medical decisions of our veterinarians.

Since 1997, we built a helpful, enjoyable, community-oriented veterinary care network designed to support the wonderful people who work hard to take care of pets. Our team members follow their passion for pet care without sacrificing their work-life balance. As an organization devoted to active learning and elevating wellbeing, we do the right thing for our teams by providing them with long term stability, wellness initiatives, and opportunities for continuing education and career growth.

Emergency is all we do, and that's why we do it best. VEG is a true partner with your primary vet, acting as an extension of their practice for after-hours emergency care. When it comes to emergency veterinary medicine, VEG is also an excellent place to work. We take pride in our staff members and the value they bring to our hospitals and the communities we serve.

All we do is Emergency
You can call and speak with a doctor
You will see a doctor right away
We keep you and your pet together at all times
We sit on the floor
We find a way to say YES
