Practice – Type: Small Animal Exclusive | **Setting:** Multiple

of Veterinarians – Full Time: 2 | **Part Time:** 2

of Techs – Licensed: 2 | **Other:** 15

Description: 82nd Street Veterinary Clinic has two small animal clinic locations. We strive to provide excellent care at an affordable price and have fun while doing it! We work as a team collaborating together on cases. At both locations, we have in-house labs, digital rads and dental rads, and ultrasound. We are open Monday through Friday from 8 a.m. to 6 p.m. We do not take emergency calls, as we have a local emergency clinic. We are currently looking to hire two veterinarians.

Practice - Type: Varied | **Setting:** Multiple

of Veterinarians - Full Time: 220 | **Part Time:** 80

of Techs - Licensed: 200 | **Other:** 100

Description: Alliance Animal Health is a network of veterinary hospitals across the U.S. We support clinics with business operations while each location maintains medical autonomy and a strong focus on high-quality medicine, compassionate care, and team culture. Our network includes mixed animal, general practice, urgent care, and emergency hospitals, offering a variety of practice styles and caseloads to match students' clinical interests. We are actively looking for veterinary students seeking externships to gain hands-on, mentorship-based experience and build clinical skills alongside experienced veterinarians in a supportive environment. We are also looking for soon-to-be graduates interested in our structured mentorship programs, designed to help new doctors confidently transition into practice with guidance, skill development, and a focus on work-life balance and continued growth.

Allure Veterinary Hospital & Urgent Care

22525 I 35 N

New Braunfels, Texas 78132

Phone: (210) 874-2727 | **Email:** info@allure.pet**Website:** <https://www.allure.pet>**Contact:** Kayleigh Mungia**Practice – Type:** Small Animal Exclusive | **Setting:** Suburban**# of Veterinarians – Full Time:** 4 | **Part Time:** 1**# of Techs – Licensed:** 3 | **Other:** 25

Description: Allure Veterinary Hospital & Urgent Care is a privately owned, multi-service hospital located between Austin and San Antonio in the New Braunfels/Schertz area. We offer the unique opportunity to tailor your career — choose general practice, urgent care, or a blend of both. Our GP appointments are 30 minutes, allowing time for thorough care and client connection. Under one roof, we provide integrative medicine and advanced diagnostics with CT, ultrasound, endoscopy, digital radiography, in-house labs, and rehab facilities, so you'll never feel limited in working up cases. As a student or new grad, you'll benefit from tailored mentorship — from shadowing to hands-on surgery and urgent care — at a pace that builds confidence. Our collaborative culture values curiosity, teamwork, and work-life balance. Set in the Texas Hill Country with quick access to two major cities, Allure offers professional growth and a vibrant lifestyle.

Description: Animal Cancer and Referral Center is a team of dedicated veterinary professionals specializing in the care of pets diagnosed with cancer in Houston and the surrounding areas. We have four board-certified oncologists and 34 staff members, and our new location in the Houston Medical Center is coming soon. Open Monday through Friday, we offer advanced diagnostics, including ultrasound, digital radiography, and a 128-slice CT scanner to detect and stage cancer. Our treatment options include injectable and oral chemotherapy (administered at home or in-clinic), immunotherapy for melanoma and osteosarcoma, metronomic chemotherapy, surgical procedures (mass removals, biopsies, amputations), and comprehensive pain management. We also provide palliative and supportive care tailored to each patient's need as well as in-house and reference lab testing (with optional pathology review) and body mapping.

of Techs – Licensed: 1 | **Other:** 9

Description: At The Animal Clinic, we're not just another veterinary practice — we're part of the Galveston community, dedicated to nurturing the unique bond people share with their furry friends. Since 1936, we've served Galveston Island with exceptional care delivered in a warm, relaxed, and home-like setting. We work closely with the Galveston Island Humane Society and pride ourselves on the community service we provide by helping animals in need. We treat dogs and cats, as well as exotics, small farm animals kept as pets, and some wildlife. We prefer appointments but also take work-ins and emergencies during our open hours — 7:30 a.m. to 5:30 p.m., Monday through Friday. We have a team-oriented approach to veterinary medicine; this is something we truly value. Being on an island, you will see a variety of cases both surgical and medical that you may not find elsewhere.

of Techs – Licensed: 3 | **Other:** 7

Description: ASAP Vet is Austin's neighborhood urgent care team for pets. ASAP Vet sits right between your family vet's daytime schedule and the bustle of 24-hour emergency hospitals, so your pet can be seen quickly, without the marathon wait. Seamless care, day or night: We close overnight, but we arrange smooth transfers to our trusted ER partners, making sure treatment never skips a beat. Fast answers, clear communication: Digital X-rays go straight to board certified radiologists, with reports in about 15 minutes, and our in-house lab (CBC/CHEM, PT/PTT, urinalysis, sediment, and more) delivers results while you wait. Veterinarians free to focus: Our fully trained staff handle the tech and paperwork so the doctors can concentrate on being great vets. Specialists on standby: If a case gets tricky, we tap into a network of experts who review records the same day, giving you and your primary vet reliable guidance any day of the week.

Description: Bayside Animal Hospital is a privately owned, 4-doctor small animal hospital that has served our community since 2005. As a full-service hospital with a boarding, doggie daycare, and training on our campus, we are equipped with the latest technology and tools needed to practice high-quality medicine. Our DVMs and support team are dedicated to our mission: providing the highest standard of care while treating each patient as if they were one of our own. We foster a collaborative team approach built on mentorship, transparency, and encouragement among our team. We believe mentorship isn't just a perk; it's our duty to ensure each team member is confident, supported, and always learning. We work hard to maintain an environment we enjoy working in each day with people we enjoy being around. Our hospital grows on open communication and continuous learning. We have 4-day work weeks and an extra long lunch to "catch up."

Description: Big Spring Veterinary Diagnostic Hospital is proudly privately owned and staying that way! As professional rural practitioners, we are located hours away from emergency services and specialists. We're seeking a DVM who wants to practice high-quality medicine, diagnose, and treat their own cases. Our tools include CT, ultrasound, endoscopy, and more. These diagnostic tools are run by dedicated, trained technicians. Our training program includes bringing specialists to us and attending conferences. Our "get-it-done" team makes veterinary medicine efficient, fun, and rewarding. Our DVMs do surgery every day. We perform advanced procedures (PU, BOAS, TTA, hemilaminectomy, etc.) but don't worry — we're a teaching hospital (partnered with Texas Tech Vet School) and provide hands-on training. We offer benefits including: 100% paid medical, PTO, professional dues covered, and CE with 100% paid travel and registration.

Description: BluePearl Pet Hospital is a leading national provider of specialty and emergency veterinary care with 110+ hospitals across the U.S. In addition to its clinical services, BluePearl serves as a hub for learning and professional development. The organization offers a diverse range of training programs, including externships, summer student workers, internships, and specialized residency programs in multiple veterinary specialties. BluePearl has also introduced an emergency doctor accelerated training program called EmERge, which is the first of its kind in the industry. BluePearl's mission is to provide exceptional specialty and emergency care for pets by fostering a supportive environment driven by shared passion, knowledge, and talents among veterinary professionals.

Practice – Type: Small Animal Exclusive | **Setting:** Suburban

of Veterinarians – Full Time: 3 | **Part Time:** 1

of Techs – Licensed: 0 | **Other:** 11

Description: Boerne Stage Veterinary Clinic is a full-service facility offering professional pet health care, including wellness care, preventative medicine, dentistry, digital X-ray, ultrasound, a full diagnostic lab, and a variety of soft tissue and orthopedic surgical procedures. We have been serving the Leon Springs/NW San Antonio community for over 16 years. Following a major expansion in 2023, our clinic is now 9110 sq. ft., with 12 exam rooms, a new ICU area, 2 surgical suites, a dedicated dental suite, new offices, and 4 DVMs. The expansion has allowed us to keep up with the incredible growth in our immediate community. We anticipate adding an additional DVM in the next year and more in the following years. We host 6 to 10 vet students per year for externships as well as summer employment and shadowing opportunities. Visiting students should expect hands-on participation in surgery and interactive case involvement.

Description: At Circle B Veterinary Hospital, we're a family-owned, AAHA-accredited practice focused on creating a space where pets receive exceptional care and clients feel like neighbors. We understand that pets are family, and we're committed to providing outstanding care during both routine and unexpected moments. With advanced technology like AI microscopes, ultrasound, endoscopy, and Ligasure, we provide the best care, but it's our "neighborhood family vet" vibe that truly bonds our clients to us. Our skilled support staff and high tech-to-doctor ratio ensures smooth, efficient 30-minute appointments. We're hiring veterinarians for both our general practice (3-4 days per week, with rotating Saturdays from 8 a.m. to noon) and urgent care (evenings and weekends). If you're passionate about pets and people, come see us at the job fair!

Description: Coryell Veterinary Clinic PA is a busy, high-quality, small animal practice in a rural area of Central Texas. We are rapidly growing, having purchased a new property to give us 2.5 times as much square footage, and need to expand our small animal veterinarian team. We also have a healthy whitetail deer and hooved exotic practice for those interested in working with exotics. We practice high-quality medicine and enjoy a great client base who want the best care possible for their pets. We stress communication and learning, having employed and equipped 5 new graduates in the last 17 years. We are invested heavily in in-clinic diagnostics, including full IDEXX laboratory, Digital radiology, Ultrasonography, and ECG. We provide basic and advanced soft tissue surgery; orthopedic surgery, including fracture management, ACL repair, and endoscopy; and full dentistry with dental radiology and advanced extraction, etc.

Description: Cottonwood Creek Veterinary Hospital is a well-established, two-location, multi-doctor, mixed animal practice located in the Waco, Texas, area. Established in 2015, we are a privately owned practice that strives to ensure the best quality care for our patients and clients as the local community thrives and grows quite rapidly. While being considered a general practice, we pride ourselves on an extensive reach of additional services to ensure available care close to home for our clients. We service a wide variety of species, including small animals, exotics, bovine, equine, small ruminant, swine, cervid, and more! We offer wellness and preventative care to build relationships with our patients and clients, as we believe in a strong foundation as the basis of our care. We also offer a variety of other areas of medicine not always available in general practice, including ortho surgery, multispecies reproductive services, emergency care, and more!

Description: At Crossroads Veterinary Clinic, you will thrive in a family environment committed to excellence and learning. Our veterinary professionals strive to provide the best care and high-quality medicine while attaining personal relationships with our clients. We stay on the leading-edge of veterinary medical advancement with capabilities to do orthopedic surgeries and referral, board-certified veterinary dentistry. We're close enough to the big city but maintain a hometown feel. It takes a devoted and talented team, plus a few toys, to achieve high-quality medicine — we have both! We're small animal focused, with a few large animal opportunities. We offer ultrasonography; digital radiography, including dental radiographs; a full IDEXX lab; a surgery suite; a dental suite; 3 exam rooms; and a fully functioning barn. We can't wait to connect with students and new graduates to make lasting relationships!

Description: Crown 3 Equine is an equine-predominant practice located in Whitesboro, Texas. Equine patients cover nearly all aspects of performance and pleasure horses in a reproduction and general practice setting. The small animal division caters to working canines and traditional companion animals. Our practice is 80% ambulatory and 20% haul-in. Support staff works from home using an alternative practice management model. Technician and technology utilization generates an efficient daily practice routine. Veterinary students are provided shared housing and are expected to actively participate in treatments, diagnostics, case workups, and development of treatment plans. Appointments are Monday through Friday from 8 a.m. to 5 p.m. and Saturdays from 9 a.m. to 2 p.m. Emergencies are responded to on a case-by-case basis, 24/7. An 8-to-12-week breeding season internship is also available from March through May each year.

Practice - Type: Small Animal Exclusive | **Setting:** Urban

of Veterinarians - Full Time: 3 | **Part Time:** 2

of Techs - Licensed: 1 | **Other:** 12

Description: Cypress Animal Clinic/Sherwood Animal Clinic is filled with compassionate staff who pamper all pets. We provide veterinary care for Southeast Texas — Beaumont, Orange, and Silsbee, Texas. Our hours of operation are 7 a.m. to 5:30 p.m. Monday through Friday, closed on weekends and holidays. We see roughly 25-30 patients a day in rooms and drop offs; we do not answer emergency calls, as there is a local urgent care for pets on the weekend. However, we do accept walk-ins and emergencies before closing. We provide boarding, grooming, routine and soft tissue surgeries, laser surgery, laser therapy, and phobia. We also provide dentals, dental X-ray, and digital X-ray. We have in-house lab machines, vetscan, IDEXX, vtech and an in-house pharmacy. Our computer software is Pulse. We have 3 techs to 1 doctor and 3 receptionists at each location.

Description: Cypress Creek Animal Hospital, P.C., is a mixed animal (90% small animal, 10% horses, goats, and cattle) practice in Wimberley, located in the Texas Hill Country. We recently moved into a new 10,000 sq. ft. clinic with a full in-house IDEXX lab, ultrasound, digital radiograph and dental radiograph. We have 5 veterinarians whose experience ranges from 1 to 37 years and all participate in mentoring externs and new associates. Our clients are open to and expect high-quality medicine and a thorough medical workup. Diligent attention to the client experience is important, and we take the time educate our clients so they can accept quality care. We're open Monday through Friday from 8 a.m. to 5:30 p.m. and Saturdays from 8 a.m. to noon. There are more than 2 technicians per DVM. We have a family-like work environment where you can enjoy your work while seeing a very busy caseload.

Description: Deer Park Animal Hospital is an AAHA-accredited hospital that has been serving the city of Deer Park since 1975. We are a full-service veterinary hospital offering an array of services, including routine and advanced surgeries and dental procedures. Offering Healthy Pet Programs is our way of making sure our patients get the best possible care at an affordable price. Along the orthopedic surgeries, we also offer physical rehabilitation and cold laser. We cater to dogs and cats but also serve avian, exotic, and small animals. We provide advanced diagnostic capabilities, which include in-house and reference laboratory, ultrasound, and digital radiology. We are a multi-doctor practice, allowing for growth of your interests and more time off, with exceptional benefits. Our clientele appreciates quality medicine and the relationships that are developed between them and our entire veterinary team.

Description: Del Rio Veterinary Diagnostic Hospital prides itself on our culture of respect, kindness, and passion. We appreciate the trust our clients have placed in us, and because we understand that our clients' pets are family, we treat them with the dignity they deserve. DVDH is a brand new, state-of-the-art, locally owned hospital with the equipment and facilities of a specialty hospital. Routine wellness and preventative medicine are a large part of our practice. However, it is the ability to diagnose and treat the complex conditions and diseases that sets Del Rio Veterinary Diagnostic Hospital apart. Clients appreciate DVDH's commitment to providing all veterinary services in one location. Relieving pets' pain quickly and saving the client time are the results of practicing innovative techniques and utilizing cutting-edge technology.

Description: East End Animal Surgery and Urgent Care is an urgent care that leans more toward ER than GP — but with a fundamentally different culture. The pace is fast, the cases are diverse, and your techs will be your lifeline. We exist to make veterinary care understandable, accessible, and welcoming for people who've never had a relationship with it by delivering the compassionate, team-led, values-driven medicine our community deserves. We focus on treating animals to the best of our ability using evidence-based medicine while working with our clients' financial means. Our diagnostic capabilities include full bloodwork, digital X-ray, and POCUS. We have a surgery-heavy caseload and receive referrals from several ERs in the area due to our reputation for practicing quality medicine. Our operating hours are Friday through Monday from noon to midnight, with a typical caseload of 15 to 30 per day and 2 to 7 major surgery per day.

of Techs – Licensed: 2 | **Other:** 21

Description: East Lake Veterinary Hospital has been a cornerstone in the DFW community for over 30 years, dedicated to exceptional care with our mission of “Wags, Purrs, Smiles.” We strive for “wags and purrs” from pets, indicating that they are happy, healthy, and well-cared for while “smiles” signify a happy team and satisfied clients. Our main facility provides comprehensive veterinary services for dogs, cats, and exotic pets, addressing diverse client needs with compassionate care. For feline-exclusive care, our DFW campus includes East Lake Cat Care Center, a one-of-a-kind “cat-only” environment. Additionally, we operate a non-profit on-site, East Lake Pet Orphanage. This no-kill rescue initiative plays a crucial role in addressing pet overpopulation in our community and offers valuable hands-on learning opportunities for veterinary students. Our facility operates seven days a week from 7 a.m. to 9 p.m.

Description: East Plano Murphy Pet Hospital has been caring for North DFW for over 30 years. Our services range from general pet care to specialty surgeries and emergency service. We also have 3 other clinic locations, with 2 of our main locations featuring state-of-the-art equipment, including dental and digital X-ray machines, cold laser therapy, cautery, ultrasound, and dentistry. We perform a variety of surgeries, from exploratory surgeries to orthopedic surgeries/procedures. We also provide care for four local animal rescues. In addition to medical care, we offer grooming, boarding, day care, and more. We are a one-stop clinic for all our clients' pet care needs. As a privately owned practice, our team seeks to create an ideal environment for staff, clients, and patients. Our goal is to provide comprehensive service with effective communication.

Description: Since 1998, Family Pet Hospital of Stone Oak has served the northern part of San Antonio in the Stone Oak community. We believe in creating a bond with our patients and our clients that helps develop long-term relationships. We also believe business thrives through kindness and care while performing thorough examinations and delivering detailed diagnostic and treatment options for pets. This has allowed us to grow and stay at the forefront of veterinary medicine and establish a strong foothold in the community. Our hours are Monday through Friday from 7:30 a.m. to 6 p.m. and closed Saturday and Sunday. We offer full- and part-time schedules to accommodate a flexible work-life balance for our doctors. We see appointments daily from 8:30 a.m. to 5 p.m. Appointments are seen in 20- to 30-minute intervals, depending on the doctor and comfortability. Description: Fayette County Veterinary Clinic is a large, true mixed semi-rural practice in La Grange Texas. We focus on our core values of individualized customer service, compassionate veterinary care, and a common sense approach to our diverse clientele. We offer all routine and some specialty services on all domestic species in-house, mobile, and after hours. With a larger group of veterinarians, we are able to offer great multi-generational mentorship experience, excellent work-life balance, and a family work environment in a privately all-DVM owned practice. We have 3 practices in 3 contiguous counties, each with its own practice style, within our committed family-style group. We have full- and part-time small animal-only jobs, mixed animal jobs, and paid externships available.

Description: Firehouse Animal Health Centers is a group of full-service small animal general practices in Austin, Texas, and Denver, Colorado. We combine state-of-the-art medicine, innovative design, thoughtful communication, exceptional client service, and a focus on total wellness to create comfortable, stress-free experiences for people and their pets. We currently have seven hospitals in Austin and two in Denver (under the Goodheart name). Our teams range in size from 2-8 doctors. We are looking for doctors and students who want to work in a high-quality small animal practice, have a positive outlook, love connecting with clients, and are ready to jump in and grab opportunities to learn as they come your way. We offer a collaborative team environment and take a personalized approach to mentorship for doctors of all experience levels. Our externship program is open year-round to vet students in any stage of their education.

Description: At Freeport Veterinary Medical Center & Wild Peach Veterinary Clinic, we love new graduates because we know new graduates. We're a collaborative group of 8 recent grads (2012 to 2024) engaged in spectrum-of-care veterinary medicine in a private-practice setting. An enjoyable workplace — along with mentorship, integrity, and professional development — are pillars of our practice culture. We host over 20 DVM and technician student externs annually — our team loves to teach! Our experienced team of DVMs and technical staff will provide 1st- through 4th-year students with diverse, hands-on learning opportunities with companion, avian, exotic, and mobile large animal services. We provide full housing and most meals. We're looking for externs who are willing to jump in, start working up cases, enjoy dad jokes, and have fun!

Description: Guadalupe Valley Veterinary Clinic is a mixed animal practice in a small-town, rural atmosphere, located 70 miles east of San Antonio and 65 miles south of Austin. Our practice comprises approximately 50% small animals and about 35% beef cattle (both cow-calf and feedlot) as well as small ruminants, swine, equine, and some exotics. Our hospital is well-equipped with digital X-ray, ultrasound, surgical laser, and in-house lab equipment. We also have quality cattle-working facilities equipped with a tilting hydraulic squeeze chute. We enjoy mentoring young veterinarians in a friendly, family-type atmosphere and provide health insurance, a 401K program, allowances for CE, and association memberships as well as other benefits.

Description: Hondo Veterinary Hospital has been serving the town of Hondo, Texas, and surrounding areas for over 80 years. We are a true mixed animal clinic, seeing lots of dogs, cats, cattle, sheep, and goats. We also see horses, whitetail deer, and the occasional exotic. We have the benefit of having a small-town lifestyle while being less than an hour from San Antonio. We take pride in our mentorship and support for new/recent grads and also in our work-life balance. Our staff members are seasoned, capable, and enjoyable to work with. Pay and benefits are above average for a rural mixed practice. If you want to be like James Herriot and truly see all creatures great and small, this is the clinic for you.

Description: A private practice established in 2013, Lake Lavon Animal Hospital is a general practice committed to community connections, client education, pain management, low-stress handling, and utilization of technicians to support the DVMs in delivering care. The practice typically schedules 30-minute appointments for DVMs and 15 minutes for technicians, with 12-20 DVM appointments per day. We have 2 procedure mornings each week, typically scheduling 2-4 procedures, depending on the complexity. We are closed on Saturdays and do not take after-hours emergency calls. The owner is a 2002 Texas A&M DVM graduate who does practice on some small mammal and reptile exotics; enjoys general dentistry, urgent care, soft tissue surgery, and dermatology; and has a mentoring mindset.

of Veterinarians – Full Time: 4 | **Part Time:** 1

of Techs – Licensed: 3 | **Other:** 12

Description: Leander Veterinary Clinic is a well-established, privately owned small animal practice in Leander, Texas. We provide a range of services, from routine wellness and preventative care, right through to outpatient surgeries and dentals. At Leander Veterinary Clinic, we believe in the importance of the bond people have with their pets. Our goal is to foster that bond. We do this by focusing on our clients and their pets' specific needs, with the individual care and attention they deserve. We believe in always offering the best care possible, but we also recognize that what is right for one client may not be for another. Our clients and their pets are not just numbers; they are part of the LVC family.

Description: Lone Oak Veterinary Clinic is pleased to serve the Mountain Springs Community and the surrounding areas. Our goal is to provide pets with the best veterinary experience possible. LOVC is a privately owned, patient-centered, effective, cutting-edge veterinary clinic. Our owners and staff are members of the health care delivery team. Every day at Lone Oak Veterinary Clinic, it is our passionate team's responsibility to help make each pet's veterinary experience a positive one. Our staff are community members. Intensive on-the-job training and self-driven outsourced training ensure that pets enjoy their visit. We operate Monday through Friday from 8 a.m. to 5 p.m. and offer in-house diagnostics, radiographs, ultrasound, and other diagnostics. We are located just north of Lake Ray Roberts in a community just east of I35. Several smaller towns surround our practice area.

Description: Fast-paced workflow with a fun environment — Long Veterinary Clinic is a house that was converted into a veterinary clinic back in the 1970s. Although our clinic maintains the “homey welcoming,” we have made modifications to ensure the cleanliness and design a general practice requires to flow. Exciting, big changes are in the making: we are in the process of building a brand new hospital! Our hours of operation are Monday through Friday from 7:30 a.m. to 5:30 p.m. and Saturdays from 9 a.m. to noon. We see an average of 20-30 appointments per day and allot 20 minutes per appointment (or more for specific cases). Machines we offer for diagnostics/procedures/treatments are: digital X-ray, 2 anesthesia machines, Lumify handheld ultrasound, lab machines (CBC, Chem, UA Analyzer, UA Sediment, Fecal, AI Dermatology, Digital Cytology), reference lab, traveling ultrasonographer, and a traveling board-certified surgeon.

Description: At Mission Veterinary Hospital, we treat every patient like family! We're more than just a veterinary practice — we're your partner in lifelong care. Our client- and patient-focused approach means we go above and beyond to ensure both the people and animals we serve feel safe, supported, and truly cared for. We provide compassionate, comprehensive veterinary services for a wide range of animals — from beloved companion pets like dogs and cats to large animals, including horses, cattle, and livestock. Whether your animal shares your home or your pasture, the quality of care they receive is always the same: exceptional. Our mission is to support a lifetime of wellness. We take time to understand your animals' needs, answer your questions, and guide you through every stage of their health journey.

Practice – Type: Small Animal Exclusive | **Setting:** Urban
of Veterinarians – Full Time: 1 | **Part Time:** 1
of Techs – Licensed: 0 | **Other:** 7

Description: My Pet's Vet Huebner is a growing small animal day practice in San Antonio that is open Monday through Friday from 7 a.m. to 6 p.m. and Saturdays from 8 a.m. to 1 p.m. We are a full-service practice, with suites for boarding, supervised doggy daycare, and a full-time professional groomer. Appointment load varies from 24-32 (strategically scheduled and often with primary focus on wellness). My Pet's Vet offers all the characteristics of a modern practice including: full in-house Abaxis lab suite, digital X-ray, high-speed dental and dental X-ray, ultrasound, and cold laser. We want to provide as much support to our doctors as possible to allow them the freedom to focus on practicing medicine: 6-to-1 staff-to-doctor ratio; technicians are responsible for medical record entry, invoicing, and client education; field hospital and field medical directors; and home office support.

Description: The Nave Veterinary Group is unlike any veterinary group in the nation. Family-founded and run, every hospital in our organization has been built with our core values in mind. We have been providing veterinary care in Southern Nevada since 1974, helping both Nevada pets and their owners. We have dedicated our lives to this cause and continue to create an atmosphere for budding new doctors to pursue their dreams in veterinary medicine and teach them how to reach all the goals they may have. The Nave Veterinary Group includes doctors from all areas and diversities, reaching the edges of California to the island of St. Kitts to offer the opportunity to help them grow and learn. Our process has led to the development of over 17 freestanding veterinary hospitals with state-of-the-art technology and cutting-edge medicine. We look forward to the future of veterinary medicine and continue to expand our horizons.

Description: Neighborhood Veterinary Centers is a privately owned, multi-location veterinary group committed to accessible, high-quality, and compassionate care. Our philosophy centers around client education, collaborative medicine, and doing what's right for every patient. Most locations are open Monday through Friday from 8 a.m. to 5 p.m., with select hospitals offering extended hours and 24/7 emergency care. Our clinics average 25-35 appointments per day, with flexible scheduling to support same-day care. On-site diagnostic capabilities include digital radiology, ultrasound, in-house lab, and advanced surgical suites. Several locations offer CT, endoscopy, and rehab therapy. Emergency coverage varies by location, with some offering 24/7 care and others maintaining after-hours on-call support. We are team-driven, modern, and committed to the future of veterinary medicine.

Practice – Type: Small Animal Exclusive | **Setting:** Urban

of Veterinarians – Full Time: 5 | **Part Time:** 1

of Techs – Licensed: 1 | **Other:** 13

Description: Oak Forest Veterinary Hospital is privately owned and operated. We offer 4-day workweeks, with no weekends, and a great, established clientele. Our benefits rival corporate practices, if not surpassing their offerings (matching 401K, health insurance, dental and vision, short-term disability — we got it all). We use AI transcription to assist in our record keeping and accuracy. Our practice also has all the bells and whistles (2 ultrasound machines, dental rads, capnographs, etc). What really makes us stand out is our culture and, yes, we have to manage it. Our team is generally heard laughing and enjoying their time at work. While enjoying being at work and the culture of the practice is what all new grads should be looking for, it also is a benefit for the medicine we practice. A team that enjoys their job stays at it longer. We don't just say work-life balance is important; we live it.

Description: Parker Animal and Bird Clinic is a busy, family-owned 4-doctor small animal and exotic practice that has served the pets and people of Plano, Texas, for over 30 years. Monday through Friday, we typically see appointments and walk-ins from 8 a.m. to 11 a.m. and from 2 p.m. to 6 p.m., with surgery and dental procedures from 11 a.m. to 2 p.m. We're also open on Saturdays from 8 a.m. to noon, with no on-call or emergency shifts and rotating Saturdays off. We have 8 exam rooms, 3 surgery tables, 2 dental tables, digital X-ray, and in-house CBC/chem/t4/cortisol bloodwork machines. Our surgeries include routine spay/neuter, cystotomies, splenectomies, ex-laps and foreign bodies, dentals, and various lump removals. We have a great, supportive, family culture and lots of long-time employees and clients. Our clients appreciate our reasonable prices, and we offer a low-cost vaccine clinic one Saturday a month. We welcome new graduates and experienced veterinarians to join our team!

of Techs – Licensed: 1 | **Other:** 4

Description: Have FUN at work! Paws to Claws Veterinary Care is a privately owned, AHAA-accredited hospital established in 2010. We're a growing companion animal and exotic practice in Magnolia, Texas, and are looking for a confident DVM with excellent communication and clinical skills to join our practice family. Our caseload is 80% companion animals; the rest is divided between birds, reptiles, pocket pets, and the occasional potbellied pig. Interest in non-traditional species is preferred but not required. Our practice philosophy is to provide excellent diagnostic, dental, medical, and surgical care for our patients. We're patient-centered and tailor our care to the needs of each individual case. Magnolia is growing and offers the ambiance of quiet, country living and excellent schools. Magnolia also offers easy access to Houston and The Woodlands, where you can find great food and a variety of quality entertainment.

of Techs – Licensed: 1 | **Other:** 5

Description: We're Petfolk. And we're reshaping pet care as we know it. Founded and led by vets, Petfolk understands what it takes to provide world-class veterinary care. When too often the veterinary experience falls short, we're here to make it better for everyone: pets, their parents, and vets alike. Our goal is to integrate everything pets and their parents need in their journey — from scheduled on-site care to virtual visits. We believe the easier it is for the parent, the healthier and happier the pet. On a deeper level, we see ourselves as part of a greater community of people with pets. We share the same values all devoted pet parents do, and we understand the bond between pets and their owners inherently. Most importantly, our support is as much for you as it is for your pet. We believe that with the right tools and knowledge, you're empowered to make the best decisions possible for them. It's a journey, and we'll always be by your side.

Description: Ponder Veterinary Hospital is a progressive, privately owned, small animal-predominant practice — with some small ruminant, chickens, and few exotics — that has been open since 1975. We're located in Denton County, not far from all the attractions and amenities of the DFW metroplex. In 2024, we moved into our new, state-of-the-art 11,000 sq. ft. facility. We've enjoyed mentoring many veterinary students and providing opportunities for students to participate in all aspects of medicine and surgery. Our new building includes two apartments for veterinary student externs and summer employees, as well as a large conference room for continuing education and other large group meetings. Our services are comprehensive, including wellness, dental, internal medicine, general, and orthopedic surgeries. We're open Monday through Friday from 7:30 a.m. to 5:30 p.m. We look forward to meeting you!

Description: Sealy Animal Hospital is a privately owned, free-standing practice located in Sealy, Texas (Austin County), approximately 60 miles west of Houston and 70 miles south of College Station. Originally opened in 1979, our office became Sealy Animal Hospital after being purchased by Dr. Clark and Dr. Oberle in 2019. We have 2 full-time and 2 part-time veterinarians and a skilled support staff. We are predominately a small animal hospital, although we also do limited large animal medicine. We are open Monday through Friday from 8 a.m. to 5:30 p.m. and the first and third Saturdays of each month from 8 a.m. to noon. Our after-hour calls are referred to a local 24-hour emergency hospital. We have an amazing clientele and are in a small, friendly community that is close to larger cities! We are looking for a new associate who wants to practice high-quality medicine and surgery. We provide mentorship to help you expand your skills during veterinary school and post-graduation.

Practice – Type: Predominantly SA Practices | **Setting:** Multiple
of Veterinarians – Full Time: 4 | **Part Time:** 1
of Techs – Licensed: 3 | **Other:** 5

Description: Veterinary Practice Partners provides a veterinary externship that offers hands-on clinical experience in a real-world setting, helping students apply their classroom knowledge, build practical skills, and gain confidence in a supportive environment. Students can explore different areas of veterinary medicine, understand the culture of our practice, and see what a future with our team could look like. Ultimately, externships allow us to mentor the next generation of veterinarians while identifying potential future colleagues. Our externship rotations are designed to allow students, under veterinary supervision, to practice the problem-solving and technical and communication skills they have acquired during their clinical preparation. Externs work alongside our veterinary team and are encouraged to participate in all aspects of patient care to ensure they experience the typical small animal practice caseload.

Description: Western Veterinary Partners is a people-centric veterinary support organization focused on partnering with high-quality veterinary practices across 38 states in the U.S. We offer opportunities in general practice, mixed animal, feline only, exotics, and more! We believe that the most successful partnerships are built on collaboration and trust — and keeping people at the center of every decision. Our goal is to continuously foster connection and cultivate a community for veterinarians and veterinary professionals to share knowledge and best practices. We have a highly experienced team that supports our partner practices with operational support — including recruiting, HR, benefits, marketing, accounting, payroll, and more — so that veterinarians and their teams can focus on the medicine and delivering high-quality care to the patients in their communities.

Practice – Type: Small Animal Exclusive | **Setting:** Rural

of Veterinarians – Full Time: 3 | **Part Time:** 1

of Techs – Licensed: 0 | **Other:** 10

Description: Wisdom Animal Clinic is a progressive, 3.5 doctor small animal clinic. We offer a variety of services, from wellness to emergency and surgery. We especially love internal medicine and have a state-of-the-art Phillips ultrasound. We are a well-established, full-service hospital offering in-house lab, digital radiography, digital dental radiography, and surgical laser. We enjoy collaborating on cases and learning new things as well as mentoring students and new graduates! This is a great place to start or continue your career. We are open Monday through Friday from 8 a.m. to 5:30 p.m., with a full hour for lunch and no after-hours ER on-call duties. DVMs work a 4-day work week, with a full day off each week and a three-day weekend each month. Benefits include a 401k, cafeteria health plan, licenses and fees, fully paid CE/expenses, PTO, and a signing bonus. We have highly trained technicians who are fun to work with and make our jobs easier!

Practice – Type: Equine Exclusive | **Setting:** Rural

of Veterinarians – Full Time: 9 | **Part Time:** 1

of Techs – Licensed: 4 | **Other:** 12

Description: Woodside Equine Clinic is a busy equine referral and ambulatory practice located just outside of Richmond, Virginia. We offer interns and externs hands-on experience in a supportive, team-based environment where learning is a priority and collaboration is key. Our caseload includes a mix of primary care, emergency, and referral cases across surgery, sports medicine, imaging, and more. You'll work alongside experienced clinicians who are passionate about mentorship and committed to helping the next generation of equine veterinarians thrive. At Woodside, you'll find high-quality medicine, a welcoming culture, and a team that values growth, curiosity, and compassionate care — for both our patients and our people.

Zarges Animal Clinic5820 Doniphan Dr
El Paso, Texas 79932**Phone:** (915) 584-9471 | **Email:** zargesanimalclinic5820@yahoo.com**Website:** <https://www.zargesanimalclinic.com>**Contact:** Dr. Kristi Zarges**Practice – Type:** Small Animal Predominant | **Setting:** Suburban**# of Veterinarians – Full Time:** 1 | **Part Time:** 0**# of Techs – Licensed:** 1 | **Other:** 6

Description: Zarges Animal Clinic is a busy mixed animal practice (dogs/cats/10%horses) seeking a full-time associate veterinarian. We are a well-established, reputable clinic on the west side of El Paso with an awesome support staff and state-of-the-art equipment. The position includes a great benefits package, good work-life balance, and offers potential buy-in opportunity for the right veterinarian. Seize the opportunity to practice and be mentored by a highly experienced veterinarian who understands both the medical and business side of a veterinary practice. El Paso is the hidden gem of the Southwest, with beautiful weather, low cost of living, an international airport, and many things to do. Recreational opportunities are unlimited, with the desert, mountains, and lakes nearby. Popular activities include: hiking, cycling, motorcycling, snow and water skiing, off-roading, hunting, equestrian sports, rock climbing, camping, and shopping.
