VERO
VETERINARY EDUCATION,
RESEARCH, & OUTREACH

Established in 2009, VERO is the partnership between the Texas A&M University School of Veterinary Medicine & Biomedical Sciences (VMBS) and the West Texas A&M University (WT) Paul Engler College of Agriculture & Natural Sciences to bring Veterinary Education, Research, & Outreach to the Texas Panhandle.

Follow #TeamVERO on our Facebook page.

APPLICATION DEADLINES

Are you looking for a list of application deadlines and important dates for the DVM Professional Program admissions process? Visit our Application Deadlines page. (vetmed.tamu.edu/dvm/deadlines)

DVM PROFESSIONAL PROGRAM

APPLICATION DEADLINES

Important Dates

Wednesday, May 1, 2024

- Texas Medical & Dental Schools Application Service (TMDSAS) application opens for Entry Year 2025 (EY 2025).
- The applicant may begin their Texas A&M DVM supplemental application as soon as they have a TMDSAS ID number, which is provided when a TMDSAS application has been initiated.
- Beginning the supplemental application will initiate applicant access to their individual Texas A&M Veterinary Medicine & Biomedical Sciences (VMBS) dashboard.
- Applicants may enter evaluator names in the TMDSAS application (instructions). One evaluation must be completed by a veterinarian. All evaluations must be completed by individuals other than family members.

Thursday, May 2, 2024

- Applicants may begin taking the Casper Assessment from Acuity Insights.

Wednesday, May 15, 2024

- Applicants may begin submitting TMDSAS applications.

Friday, Aug. 16, 2024

- Applicants must have completed or be enrolled in the following by the application deadline (if they are enrolled, then they must be completed by December 2024 with a grade of "C" or better): Organic Chemistry I with lab, Physics I with lab, and Biochemistry.
